PETITION TO REVIVE UNDER 37 CFR 1.137(b)

Dear Sir:

Applicant petitions to revive the above-identified application. The application became abandoned on March 7, 1995. The abandonment was unintentional.

By way of response to the final rejection, a continuation application of the above-identified application, a preliminary communication pointing out patentability, and a declaration under Rule 132 in support of patentability accompany this petition for concurrent filing.

The delay in responding to the final Office action by filing the continuation application after the six month period for response to the final Office action mailed September 7, 1994 was unintentional.

The petition fee of \$1210 accompanies this petition.

Respectfully submitted,

100 MG 05/01/95 07968209
